Dear Luke and Jan:

On behalf of the Regina General Hospital Perinatal Loss Committee, I would like to thank you very much for your generous donation from Teddy Bear's Anonymous. We received several little black and white cows that are absolutely adorable. Each one of them will be given to our families that lose their baby either during the pregnancy or following birth in our hospital. A gift, such as yours, helps us when we take pictures of the babies to focus on the infant and surround him or her with little animals that would be given to any newborn baby. They are the same type of pictures that would have been taken of any newborn baby. However, they are the only ones that will be taken of this baby, so the more special they are the better.

Our committee is one that is not funded by the Health Region, so it is with sincere gratitude that we accept a donation such as yours. Thank you once again.

Yours truly,

Gail L. Rosseker
